Alert Number: GI19_18 SPAM email warning

Subject: Warning - SPAM emails referencing gis@ausgrid.com.au

9 August 2018

Dear ASPs

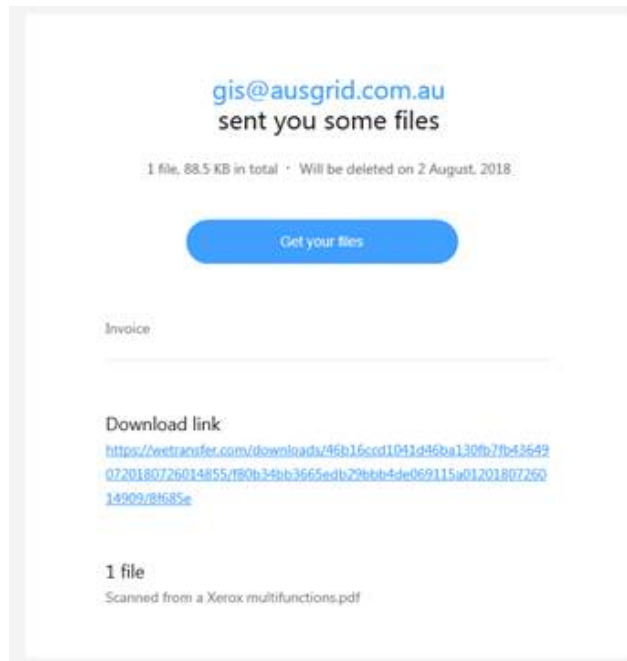

Ausgrid has been made aware of SPAM emails being sent out to ASPs referencing the gis@ausgrid.com.au email address.

The emails have the following in the subject heading:

Subject: gis@ausgrid.com.au sent you files via WeTransfer

These emails have **not been sent from gis@ausgrid.com.au**, or by Ausgrid's GIS section and should not be opened or any links clicked on.

The emails may contain the following text:

Ausgrid can confirm that the originators of the SPAM emails do not and have not had access to Ausgrid's actual GIS email account, they have simply input that address in the subject heading to mislead the reader into believing they were sent from Ausgrid.

It is recommended to block the sender of these emails, and mark the emails as SPAM or Junk and not open them or click on any links contained in the email.

Ausgrid
