

# IMPORTANT NOTICE IN 040/18 ALL ACCREDITED SERVICE PROVIDERS NEW ASP PORTAL GOES LIVE!

The new ASP Portal went live today 16 October 2018.

Access to the old ASP Website will be available up until 5 November 2018.

To access the new portal, you will need to register and have your registration approved by Endeavour Energy.

The new portal can be accessed via the Endeavour Energy website:  
[www.endeavourenergy.com.au](http://www.endeavourenergy.com.au) and by clicking on the ASP tab.

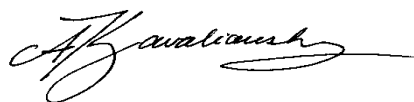

All users will need to create an account for the new ASP website. You will need to enter your ASP level, ASP number (four digit), email address and mobile number onto the electronic registration form.

Once your registration is approved, you will require your username and mobile phone number to logon every time. A 6 digit security code will be sent to the mobile number you entered into the registration form every time you log on onto the site. This is what will allow you access.

Endeavour Energy will send a confirmation email to the ASP company which is stated on your application. If it is found at any time you do not work for that ASP company, your access to the ASP Website will be cancelled by Endeavour Energy, so if changing companies please advise us and re-register.

Registered users who do not access the site within a 12 month period may lose access and need to re-register.

Please email [aspwebsite@endeavourenergy.com.au](mailto:aspwebsite@endeavourenergy.com.au) if you have any concerns.
