ESSENTIAL PADMOUNT SUBSTATIONS

This brochure is designed to help you find the padmount substation and construction materials required for your Essential Energy job.

We carry an extensive range of utility approved products for use on the electrical infrastructure networks of Endeavour Energy, Ausgrid and Essential Energy.

Our range of products make it easy for you to complete your project saving you time, money and the hassle of running around finding the materials you need to get the job done.

We are committed to providing you with the best products, brands and services from many of the world's leading manufacturers such as Olex, Tyco Electronics, PLP, Tyree Transformers, Wagners, Fuseco, Australmold, Erico, Sicame, Greg Sewell Forgings, MV Technology, Bri-Tech, Prysmian, Cabac, ABB, and Schneider.

WHAT WE OFFER:

- ▶ Huge range of stock in all branch locations.
- ▶ Project-specific packaging & labelling of deliveries.
- ▶ Coordinate deliveries to meet project deadlines.
- ▶ Kitting and ARSsemblies for ease of ordering.
- ▶ Ability to order in non-stocked items on request.
- ▶ Technical expertise and advice.
- ▶ Utility approved products.

At All Round Supplies, we have more than fifteen years' experience in keeping up with the changing standards of Australian utilities. Our unique set of catalogues reflects the wealth of knowledge we've gained through years of experience in the supply of electrical infrastructure materials.

These industry specific directories simplify the process of identifying and ordering the correct products, whether you're working in a utility, private, mining, industrial, solar or rail project.

Catalogues are available on request by speaking to your account manager or by contacting your nearest branch on 1300 087 579.
